NAME
     strlcpy, strlcat -- size-bounded string copying and concatenation

LIBRARY
     Standard C Library (libc, -lc)

SYNOPSIS
     #include <string.h>

     size_t
     strlcpy(char * restrict dst, const char * restrict src, size_t dstsize);

     size_t
     strlcat(char * restrict dst, const char * restrict src, size_t dstsize);

DESCRIPTION
     The strlcpy() and strlcat() functions copy and concatenate strings with
     the same input parameters and output result as snprintf(3). They are
     designed to be safer, more consistent, and less error prone replacements
     for the easily misused functions strncpy(3) and strncat(3).
